Ticor Title began operations in Los Angeles in 1894 as Title Insurance and Trust Company.

Title Insurance and Trust Company, often called “TI”, opened for business on January 15, 1894, with about 30 employees. TI was the direct outgrowth of the merger of two earlier companies, the Abstract and Title Insurance Company and the Los Angeles Abstract Company, which had been started in the real estate boom of the 1880s.

Its origin, however, goes back to the early 1870s, for in 1886 Abstract and Title Insurance Company had acquired the “entire plant and property relating to the searching business” of a Los Angeles firm of attorneys (Judson, Gillette & Gibson) that had pioneered using “certificates of title.”

The original founders of TI were William H. Allen Jr., Otto F. Brant and Oliver P. Clark, who later became known as “the A.B.C.s.” When TI began operation, the population of the city of Los Angeles was 66,000, and the county population, 122,000. In 1992, Ticor was acquired by Chicago Title & Trust, which issued the first guarantee policy in Cook County, Illinois, in 1881. In 2000 Fidelity National Financial Inc. (NYSE: FNF), the premier real estate service company, providing title insurance and other real estate-related services, acquired the Chicago Title Corporation, creating the largest title organization in the world. “FNF has made a strategic commitment to grow its Ticor Title brand and the acquisition of ANFI is a key component of this strategy,” said FNF Chairman and Chief Executive Officer William P. Foley II.

The company’s identity is sustained by its well-trained staff, customer-focused responsiveness and a commitment to excellence. With over a century of experience and consistent A Ratings in claims-paying ability, Ticor Title provides title insurance with confidence and remains a powerful force in the title insurance market.

For more than a century, Ticor Title has been a premier leader in the title insurance industry. Providing our customers with an unmatched combination of professional expertise, exemplary customer service and rock-solid security is the foundation of our business.

In addition to Ticor’s extensive direct and agency operations, as well as underwriting and title plant operations, Ticor is a pioneer in automation software, which reduces paper flow and significantly improves the efficiency of document imaging and electronic recording at county recorder offices.

From the simplest to the most complex residential or commercial real estate transactions, let Ticor Title show you why customers continually turn to us for the reliability, responsiveness and security they need.

A HOME designed to meet the individual needs of the family is a wonderful experience, but before the buyers actually get their dream home, they will run headlong into dozens of home ownership details.

The purchase of a home may prove to be the largest single financial investment many people may make in their lifetime; therefore, the importance of a knowledgeable escrow team cannot be overstressed.

What is an Escrow?

Buyers and sellers of a piece of property establish terms and conditions for the transfer of ownership of the property. These terms and conditions are given to a third party known as the escrow holder. In turn, the escrow holder has the responsibility of seeing that the terms of the escrow are carried out. The escrow is an independent neutral account and the vehicle by which the mutual instructions of all parties to the transaction are complied with.

Why is Escrow Needed?

Whether you are the buyer or the seller, you want assurance that no funds or property will change hands until all instructions have been followed. With the increasing complexity of business, law, and tax structures, it takes a trained professional to supervise the transaction.

How Long is an Escrow?

The length of an escrow is determined by the terms of the purchase agreement/joint escrow instructions and can range from a few days to several months.

Who Chooses the Escrow?

The selection of the escrow holder is normally done by agreement between the principals. If a real estate agent is involved, they may recommend an escrow holder.

Why Ticor Escrow Carlsbad?

Ticor Escrow has experienced and knowledgeable Escrow Officers waiting to assist you. We can handle your Residential and Commercial Purchases and/or Refinance Escrows, from the unique to the complex. Escrow Duties

1. The Escrow Officer's duties typically include the following:
2. Receive signed Purchase Agreement; prepare Escrow Instructions
3. Receive and deposit buyer's earnest money into an escrow account
4. Serve as the neutral agent and liaison/communication link to all parties to the transaction
5. Order Preliminary Report to determine the status of title to property
6. Request beneficiary's statement or pay-off demand related to existing financing
7. Comply with lender's requirements as specified in the lender's closing instructions
8. Secure releases of all escrow contingencies or other conditions required
9. Prorate taxes, interest, insurance, and rents
10. Prepare or secure the transfer deed or other documents necessary to consummate the transaction
11. Arrange appointments for buyer/seller to sign documents
12. Request and receive purchase funds from the buyer and loan funds from new lender
13. Close escrow pursuant to instructions provided by seller, buyer, and lender.
14. Arrange for recording of deeds and any other documents as instructed
15. Request issuance of the title insurance policies
16. Disburse funds as authorized, including charges for title insurance, recording fees, commissions, and loan payoffs
17. Prepare final settlement statements for the parties

Communication Tips for Escrow

- When calling the escrow officer, have the escrow number and buyer/seller's names handy.
- Keep the escrow officer informed on any matters that may affect the transaction.
- Direct your questions to the proper representative, such as:
 - Real Estate Agent: Physical aspects of property, conflicts, and terms of sale.
 - Lender: Loan terms, credit report issues, etc.
 - Escrow Officer: Escrow instructions, documents, and forms to be filled out.
 - NEVER RELY on emails purporting to change wire instructions. Parties to a transaction rarely change wire instructions in the course of a transaction
 - ALWAYS VERIFY wire instructions, specifically the ABA routing number and account number, by calling a known, trusted phone number
 - DO NOT use the phone number provided in the email containing the instructions, use phone numbers you have called before or can otherwise verify. Obtain the number of your Real Estate Agent, Real Estate Broker and Escrow Officer as soon as an escrow account is opened.
 - DO NOT send an email to verify as the email address may be incorrect, or the email may be intercepted by a fraudster
 - DO NOT forward wire instructions to other parties without first verbally verifying the instructions from the sending party.
